When you say "I study Psychology at uni" what do people say or ask?

---

If they ask you "Why do you study Psychology?"... What do you say?

What has been your favourite part of Psychology so far? It doesn't have to be here at Goldsmiths. But maybe a module or topic area?

---

What are you interested in, in terms of Psychology, that you haven't touched upon yet, or that you haven't explored in any detail?  
Or just an aspect of human behaviour that fascinates you.
